Platinum Cover

Introduction

Thank you for your custom. We are confident you will enjoy your new vehicle and go on to experience continued trouble free motoring.

We take our obligations to you seriously and the vehicle has passed our pre delivery inspection to reach you in the best possible condition, and we offer you the opportunity to extend the period of guarantee for up to three years to cover faults which may occur after you take delivery of your vehicle. Mechanical breakdown is the sudden and unforeseen failure of a part arising from any permanent mechanical or electrical defect, (for a reason other than wear and tear, normal deterioration or negligence) causing a sudden stoppage of its function, necessitating immediate repair or replacement of the part before normal operation can be resumed.

6. If your vehicle has a fault

If you think that your vehicle has a fault that may be covered by this guarantee, you must contact the administrator in the first instance. Telephone number: 01143 219877. The claims department is open 9:00am to 5:00pm Monday to Friday.

The administrator will require the following information, so please have this to hand when telephoning:

- a.** your guarantee number and registration number of your vehicle;
- b.** current mileage on your vehicle; and
- c.** your vehicle's service history.

You will need to take your vehicle to a repairer. The administrator has a nationwide network of nominated repairers who are familiar with the administrator's claims and billing procedures. The administrator shall recommend these repairers wherever possible. If a suitable nominated repairer cannot be located the administrator will agree a suitable local alternative with you. You should then take your vehicle to the repairer and give them your permission to investigate the fault. The repairer should then contact the administrator to discuss their findings and obtain our permission to carry out the repair. No repairs can be carried out without the administrator's permission as evidenced by an authorisation number.

When the administrator authorises a repair it will do so by issuing a unique authorisation number to your repairer. Repairs must not be started until the administrator has given this number to you or your garage.

6.3 Labour and component costs

Labour times will be reimbursed in accordance with the times given in Glass's ICME Manual at the rates charged by the administrator's nominated repairers unless agreed beforehand. The administrator may ask the repairer to use guaranteed exchange units or factor components in repairing your vehicle.

6.4 Indemnity and costs

This guarantee is a contract of indemnity. This means that if repairs to your vehicle make it better than it was immediately prior to the mechanical breakdown, you may be asked to pay a contribution towards the costs.

Not all the cost of the repair will always be covered by this guarantee. Additional repair costs and those not covered by this guarantee must be paid for by you.

6.5 Invoicing

You or the repairer must send the administrator an original, fully detailed and itemised invoice and any proof of service that the administrator requires. Please clearly mark on the invoice to whom the administrator should make payment. Photocopies of invoices will not be accepted.
